Yesterday's Bank Clearings.

STOCKS ARE DISTURBED BY ACCIDENT TO PRESIDENT.

RALLY COMES LATER AND TRANSACTIONS LARGE.

Reading Still to the Fore, Though New Influences Are at Work on Other Lines.

New York, Sept. 3 .- The course of the stock markets to-day was in marked con-trast to that of yesterday in that it was governed largely by different influences, although Reading and some of the other coalers were again well to the fore. Opening with a renewal of the previous day's bull-ish enthusiasm and strength, the list re-ceived what at first threatened to be a ser-ious selback on early news of the accident to the Presidential party. Rumors more or less conflicting were numerous, and the list underwent a general recession. As soon as loss conflicting were numerous, and the list underwent a general recession. As soon as the extent of the disaster became known the market recovered the greatest part of its strongest undertone, but for a time there was a marked decrease of operations. Later, however, the early activity was resumed and the day as a whole was the largest in volume of the present season. The last hour witnessed an extraordinary spurt in Pennsylvania, that stock selling up to 165%, a net advance of five points on transactional involving over 100,000 shares. The advancing this stock was accompanied by rumors crediting the road with control of Reading. Another reason advanced in explanation of Pennsylvania's strength was the rather good showing made in the company's reports for the first seven months of the year. PENNSYLVANIA'S GOOD SHOWING. PENNSYLVANIA'S GOOD SHOWING.

Net earnings on the lines directly operated by the Pennsylvania for the period named show an increase of over \$2.509.600, while the company's lines west of Pittsburg and Erie show an increase of more than \$1.509.000. Interest continues to center largely in Readings and the common opened with a material advance on heavy transactions. The gains were almost entirely wiped out as soon as the Pittsfield incident became known. Subsequently, however, the stock more than recovered this loss, selling up to 75%, closing at 75½ and registering a net gain for the day of more than a point on transactions, aggregating over 25,000 shares. The other Reading issues, on moderate trading, made fractional gains. There were no material changes in the other anthracite stocks, except in New Jersey Central, which declined four points.

In the soft coal group Norfolk and Western was the feature, the stock scoring a substantial gain on very heavy trading. Pittsburg, C., C. & St. Louis, on very light transactions, made a net gain of over six points, and Chesapeake and Ohlo, in which operations were quite extensive, also closed at a material advance. Labor Commissioner Wright's report on the strike situation excited little comment.

CONSIDERED FAVORABLE TO MINERS.

excited little comment.

CONSIDERED FAVORABLE TO MINERS. In many quarters the report was regarded as distinctively favorable to the miners. The trading in Reading had every indication of competitive buying, and reports of a triangular contest involving Pennsylvania, Morgan and Gould interests were prevalent. Pennsylvania's sharp advance toward the close, already referred to, gave color to these rumors, but nothing tangible came from any authoritative quarter. In addition to Reading common, new high records were made by Atchison, Baltimore and Ohio, Norfolk and Western, Pennsylvania, St. Paul. Detroit Southern preferred, North American, Wheeling and Lake Erie, Sloss-Shieffeld Steel issues, Southern Pacific and soveral less conspicuous stocks. Marked strength was shown by Illinois Central, Rock Island, Denver and Rio Grande, Manhattan, Sugar, Amalgamated and Anaconda coppers and International Power. On the curb Northern Securities was again very strong, with a new high record. Monetary conditions continue satisfactory, although a fair amount of money was placed at 6 per cent. The prevailing rate was 5½ per cent. Reports from Wasnington agree that the Treasury is propared for any possible money stringency. In brief, there promises to be abundant resources to meet the crop movement. Contrary to expectations, no transfers were made by the Subtreasury.

The bond market continued very active and showed some irregularity on profit-taking. Total sales, par value, 3, 185, 300.

United States bonds were all unchanged on the last call.

Reported by Commercial Advertiser through Francis fire. & Co., No. 214 North Fourth street: St. Paul—The afternoon rise in St. Paul to the highest price on record was due to buying and bidding un by Talbot J. Taylor and Jacob Field, followed by other room traders who thow-hit that Mr. Keen and the Waldorf clique would put up St. Paul to sell other stocks on the favorable effect produced by the rise in St. Paul.

Pennsylvania.—The extraordinary rise in Pennsylvania did not start until the last half hour. At that time enormous riving orders appeared in the stock and the price divanced quickly, beginning at 1845. It was half to trace the source of the purchases practically every commission-

house of importance in the street having orders ranging from 2,000 to 10,000 shares. The only talk in connection with the advance was that Pennsylvania had been selling below its relative value, especially since the great rise in the minor securities which the company controls. Foreign London traded on both sides of the account to the extent of 50.000 shares. At first the buying largely predominated, but on the advance in Reading and St. Paul, the arbitrage houses sold, though the result was moderate purchases on balance.

Reading—New high records were again made by the three classes of Reading stock. Interest centered in the common. The buying was scattered, a score or two of commission-houses taking from 2,000 to 5,000 shares. To need, 184,700 shares had changed hands. The only gossip was of buying for centrol by Baltimore and Oillo and others. The latest was that Gould interests had acquired a large block for use against the Penneylvania in the event of certain contingencies.

New High Records—Among the stocks which sold at the highest orions ever recorded were: Atchison, Baitimore and Ohio, St. Paul, Detroit Southern pfd. Sco Line, National Bailmord of Mexico, Norfolk and Western, North American, New York Dock pfd., Pennsylvania, Reading com, and first and second pfd., Sloss-Sheffield Steel com, and pfd., Southern Pacific, and Wheeling and Lake Erie.
